WHO WE ARE

Faunt Solutions LLC delivers practical warehousing, inventory, kitting, fulfillment and distribution support, with access to expanded engineering, manufacturing and technical services through specialized industry partners. We coordinate defined scopes from material receipt to final delivery.

DIRECT OPERATIONAL CAPABILITIES

WAREHOUSING & RECEIVING

Inbound receiving, visible-condition checks, organized storage, staging and material handling coordination.

INVENTORY MANAGEMENT

SKU and location records, stock counts, discrepancy resolution and inventory reporting.

KITTING, PACKAGING & LABELING

Multi-component kit assembly, verification, customer-specified labeling and packaged shipment preparation.

FULFILLMENT & DISTRIBUTION

Pick, pack, outbound staging, shipment coordination and recurring order support.

ONE COORDINATED POINT OF CONTACT

Simplify vendor coordination across storage, materials, production support and delivery. Faunt Solutions scopes each engagement around your requirements, timeline, reporting needs and acceptance criteria.

PROJECT-BASED / RECURRING / DEFINED SUBCONTRACT WORK

FAUNT SOLUTIONS

EXPANDED SERVICES / PARTNER-SUPPORTED

Beyond the Warehouse

Specialized capabilities available through qualified industry relationships

EXTENDED TECHNICAL & INDUSTRIAL CAPABILITIES

ENGINEERING & REVERSE ENGINEERING

Mechanical design, CAD, prototype development, obsolete-component replacement and technical qualification support.

ADVANCED MANUFACTURING

Precision machining, additive manufacturing, production coordination and custom component solutions.

DEFENSE & MARITIME SUPPORT

Specialized maritime hardware, fluid-transfer equipment, fleet support kits and defense supply-chain support.

SAFETY & CBRN SOLUTIONS

Specialized protective equipment, detection and decontamination product sourcing and technical support.

MIL-SPEC PACKAGING & SOURCING

Requirements-driven packaging, component sourcing, supplier coordination and procurement support.

PROGRAM & LOGISTICS SUPPORT

Operational process improvement, ERP/material-flow alignment, SOP development, KPIs and project oversight.

PARTNER QUALITY CERTIFICATIONS

Our specialized partner is AS9100D / AS9120B / ISO 9001:2015 Certified.

WHY CLIENTS WORK WITH FAUNT SOLUTIONS

One accountable relationship. Flexible work packages. Regional logistics execution combined with access to specialized technical resources for more complex requirements.
